- Indian Mess with Experienced Cook.

STUDY MBBS IN KAZAKHSTAN

- **Select Government Universities:** In Government universities, the ratio of the NEXT test qualification is extremely high, they're affordable and there are not any hidden charges as Private universities.
- **Availability of NEXT Coaching:** New era is also providing necessary assistance to their student to complete NEXT coaching.
- **Language of Instruction:** You want to confirm before taking admission to any MBBS college abroad that the University providing 5 years MBBS course is fully English or not.
- **Quality of Education:** For pursuing MBBS In Kazakhstan, students must search for a university or college with the simplest quality of education.
- **Practical:** In Kazakhstan Government medical universities, practical programs are conducted on dead bodies instead of on dummies. Practical programs are more important for MBBS students than theoretical knowledge.
- **Studying and living costs within the country:** Different countries have different studying and living costs. However, countries like, Kazakh, Georgia, Ukraine, Kyrgyzstan, Kazakhstan, etc. have affordable studying and living costs.
- **Availability of Indian food and hostels:** You also want to check out whether the Indian food facility is out there at the university of your choice or not. The supply of Indian food or Indian Mess depends on the amount of Indian students present therein university. So, you want to also see what percentage Indian students are studying at the university.
- **Safety and Climate:** These are the opposite two things which you ought to search for while choosing a university for studying MBBS abroad. The country must be free from the combat zone and it should have a moderate climate where you'll adjust without facing many difficulties.

Why Study MBBS in Kazakhstan?

WHY

MBBS IN KAZAKHSTAN FAQ (PEOPLE ALSO ASK)

Q1. Is MBBS good in Kazakhstan?

MBBS in Kazakhstan is an ideal choice for International students because of lowest fee by Kazakhstan Ministry of Health & Education as compared to other western countries. High Quality of Education combined with this low cost is one of the main reasons for choosing top medical universities of Kazakhstan for MBBS studies.

Q2. How much does MBBS cost in Kazakhstan?

MBBS in Kazakhstan is very affordable. The average cost of study MBBS in Kazakhstan is around 4500 USD per year. That roughly translates to 325,000 Rupees for a course that is 5 years long. Along with that many scholarships are available as well for the International students.

Q3. Is Kazakhstan MBBS Degree valid in India?

For study MBBS in Kazakhstan, firstly, the student must ensure that the university is approved by MCI (NMC) or not, If is approved by NMC. Then after clearing NEXT exam (previously known as FMGE/MCI Screening Test), they can practice in India. So, yes, the Kazakhstan MBBS degree is valid in India.

Q4. Is NEET required for MBBS in Kazakhstan?

Yes, it is compulsory to qualify for NEET in order

to get admission to a Kazakhstan Medical college.

But this is a misconception that it is required only because the universities have set such criteria. Actually, as per the new rules announced by NMC, NEET qualification is a must in order to make you eligible to sit for the Next test (previously known as FMGE/MCI Screening Test), which is a must-have to practice medicine in India.

So the expected NEET cut-off for admission in Kazakhstan is released each year after NEET exam.

Q5. How long is MBBS in Kazakhstan?

4.10 years

The period of study MBBS in Kazakhstan is all most 5 years (English Medium). International students who will choose to study MBBS in Kazakhstan in English medium are not required to undertake one year of the introductory course earlier to starting the medical course.

Q6. Is Kazakhstan safe for Indian students?

According to Wikipedia Kazakhstan's crime rate has fallen down dramatically since the 1990s,

Kazakhstan may not be as safe as Switzerland, but it's definitely not like a Latin American country. The Kazakhstan authorities have taken

MBBS IN KAZAKHSTAN FAQ (PEOPLE ALSO ASK)

a hard line against skinhead activities and the danger of getting attacked by a xenophobic gang is less likely than it was in the early 2000s. So Kazakhstan is safest country for everyone.

Q7. Is Kazakhstan safe for Indian?

According to Wikipedia Kazakhstan and India Relations are rooted in history, mutual trust and mutually beneficial cooperation. Kazakhstan and India both term this relationship as a "special and privileged strategic partnership" Traditionally, the Indo-Kazakhstan strategic partnership has been built on five major components: politics, defense, civil nuclear energy, anti-terrorism co-operation and space

Much like anywhere else in the world, if you don't bother anyone, no will bother you in Kazakhstan too. Many Kazakh's like Indians, So Kazakhstan safe for Indians.

Q8. How many Indians are studying in Kazakhstan?

18000+ Indian students

For over two decades Indian Students have been pursuing their higher education in the leading Kazakhstan Universities. There are over 18000+ Indian students currently studying in Kazakhstan, most of them are enrolled in medical courses & every year these numbers are increasing.
